

FIELDS of SERVICE

VOLUNTEERING FOR US
IS ONE DIRTY JOB

Many hands make light work and our volunteers are the heart and soul of America's Grow-a-Row.

The Fields of Service sponsorship program supports the hard work of our vast network of 10,000+ volunteers who harvest and deliver 14.4 million servings of farm fresh produce throughout our growing season.

Your investment provides meaningful and impactful volunteer experiences for community organizations, schools, corporate groups (and more) who harvest nutritious fruits and vegetables for people struggling with hunger in our communities.

2024 Fields of Service Sponsorship Packages
